

Certificate in Policy Analysis

This program seeks to provide the analytic skills needed by professionals from many academic backgrounds who are required to do or understand policy analysis and program planning in the public and not-for-profit sectors. Even managers who do not do research themselves must understand the work of others if they are to make informed decisions based on the information provided in research reports.

Students admitted to the certificate program are required to complete the three-credit courses (9 credits total) listed below, and are required to maintain a 3.0 GPA in order to remain in the program.
