

Bachelor of Business Administration with Major in Business Economics

The major in Business Economics is offered through the Nistler College of Business and Public Administration. This program emphasizes the business firm — integrating economics with related areas in marketing, management, accounting, finance, and quantitative analysis. Students who complete a major in Business Economics possess a comprehensive background in the basic foundations of a business as well as the analytical skills in economics increasingly required to be successful in the business world at local, regional, national and international levels. All B.B.A. candidates must fulfill the Nistler College of Business and Public Administration degree requirements.

Required 120 credit hours (36 of which must be numbered 300 or above) including:

I. Essential Studies Requirements (see University ES listing).

II. Choose one of the following: MATH 103, MATH 146, or MATH 165
